PROFESSIONAL SUMMARY

Experienced Medical Director specialized in Hand Surgery, offering 25-year background with a large hospital in a densely-populated urban area. Well-versed in all aspects of healthcare and emergency medical practices.

Focused on continuous quality improvement and patient perspectives. Detail-oriented team player with strong organizational skills. Ability to handle multiple projects simultaneously with a high degree of accuracy. Deeply dedicated to research, new frontiers in technology and artificial limbs in operational procedures. Owner of the patent of the thumb artificial limb "Caruso, Ciminiello", prized at S.o.t.i.m.i. Palermo 2023 also for the impressive results achieved. First in Southern Italy at hand disintegration and upper limb amputation. Socially committed with charity association to provide people in need with prosthesis implantation.
